*This isn't a journey we undertake on our own; it's a road traveled with the whole church around us, and the Holy Spirit guiding us.*

*Here are some simple steps to you get started.*

1. Pray daily – by yourself and with your family.
2. Read your Bible – lead by example! One chapter a day is a great start.
3. Show Up – Regularly participate in the church family gatherings.

*Along the road, we will provide additional resources: books, Bible studies, conversations with fellow parents, activities to share with your child, help with challenging conversations, and more. There will also be opportunities to serve God through your gifts and talents at church or in the community.*
